

Art Of Dying, Get Through This

I've seen better days
So says the mirror
It's hard to find divinity when you're the king of men

If I can get through this
I can get through anything
If I can make it through this
I can get through anything
I promise you

It could be much worse
But the call is close
Tomorrow's my reason for today to let go

If I can get through this
I can get through anything
If I can make it through this
I can get through anything
I promise you

If I can get through this
I can get through that
If you cut me wide open
I can cut you some slack
If you come when I'm leaving
I might never be back
I know it's not easy
just a matter of fact

If I can get through this
If I can get through this
If I can get through this
If I can get through this
