

# Art Of Dying, Get Through This

I've seen better days  
So says the mirror  
It's hard to find divinity when you're the king of men

If I can get through this  
I can get through anything  
If I can make it through this  
I can get through anything  
I promise you

It could be much worse  
But the call is close  
Tomorrow's my reason for today to let go

If I can get through this  
I can get through anything  
If I can make it through this  
I can get through anything  
I promise you

If I can get through this  
I can get through that  
If you cut me wide open  
I can cut you some slack  
If you come when I'm leaving  
I might never be back  
I know it's not easy  
just a matter of fact

If I can get through this  
If I can get through this  
If I can get through this  
If I can get through this
