As Cities Burn, Into The Sea

And it's alright, it's alright
And it's alright, it's alright
Everybody is a failure in this light
And it's okay, it's okay
And it's okay, it's okay
Underneath it nobody's back is straight
And I'll try to stop it when I saw your posture start to bend
But honey it was not mine to lift
Go throw yourself into the sea and go throw yourself into
Throw yourself into the sea
And it's alright, it's alright
And it's alright, I can't make it right
Somebody put a bad lens in your eye
And you try to shed your skin when you saw yourself in it so thin
But you only shed your blood when you climb out
You can't climb back in
Go throw yourself into the sea
And go you throw yourself into the sea
Though we don't need a mountain moved
We just want to move ourselves
Take us somewhere, take us somewhere, anywhere else
Go throw yourself into the sea
Go throw yourself into the sea
It's alright, it's alright
It's alright, it's alright
Go throw yourself into the sea
Go throw yourself into the sea
Though we don't ever see you move
Slowly the wind turns you to sand
In the hands of children on the shore
