Hey baby, tell me whatchu wanna do  
Ooh baby, cause I could give the world to you  
Hey baby, tell me whatchu wanna do  
Ooh baby, cause I could give the world to you  
Sweet baby, look at what I'm goin' through  
Baby, baby, I'm needin' it - I'm wanting you  
We don't have to rush, but after the club I wanna feel your touch  
'Cause I'm needin' you, and I'm fiendin' you, I be sleepin' you  
And daydreamin you, I been seein you with just me and you  
If you feel it too, then say

## Verse 1

My body froze, and you're the only one I'm seein'  
Spinnin' clouds, and usually I would be leaving  
Now I believe everything happens for a reason  
'Cause what I feel, with you & me, got me believing

## Bridge

Cause when I looked at you, I just couldn't move  
So what are we gonna do, 'cause I'm feelin' like I wanna leave with you (hey)  
Whatchu wanna do? 'Cause I wanna leave with you

## Chorus

Hey baby, tell me whatchu wanna do  
Ooh baby, cause I could give the world to you  
Sweet baby, look at what I'm goin' through  
Baby, baby, I'm needin' it - I'm wanting you  
We don't have to rush, but after the club I wanna feel your touch  
'Cause I'm needin' you, and I'm fiendin' you, I be sleepin' you  
And daydreamin you, I been seein you with just me and you  
If you feel it too, then say

## Verse 2

I never knew that you could really have me fiendin'  
Like a drug, controlling every part of me and  
I wanna know, if we can get a little closer  
And go somewhere, 'cause I just wanna get to know ya

## Bridge

Cause when I looked at you, I just couldn't move  
So what are we gonna do, 'cause I'm feelin' like I wanna leave with you (hey)  
Whatchu wanna do? 'Cause I wanna leave with you

## Chorus

Hey baby, tell me whatchu wanna do  
Ooh baby, cause I could give the world to you  
Sweet baby, look at what I'm goin' through  
Baby, baby, I'm needin' it - I'm wanting you
