

Ashanti, Hey Baby (After The Club) [Extended Ra

Hey baby, tell me whatchu wanna do
Ooh baby, 'cause I could give the world to you
Hey baby, tell me whatchu wanna do
Ooh baby, 'cause I could give the world to you
Sweet baby, look at what I'm goin' through
Baby, baby, I'm needin' it, I'm wanting to
We don't have to rush
But after the club I wanna feel your touch
'Cause I'm needin' you and I'm fiendin' you
I be sleepin' you and day dreamin' you
I been seein' you with just me and you
If you feel it too, then say
My body froze and you're the only one I'm seein'
Spinnin' clouds and usually I would be leaving
Now I believe everything happens for a reason
'Cause what I feel with you and me, got me believing
'Cause when I looked at you, I just couldn't move
So what are we gonna do
'Cause I'm feelin' like I wanna leave with you, hey
Whatchu wanna do? 'Cause I wanna leave with you
Hey baby, tell me whatchu wanna do
Ooh baby, 'cause I could give the world to you
Sweet baby, look at what I'm goin' through
Baby, baby, I'm needin' it, I'm wanting to
We don't have to rush
But after the club I wanna feel your touch
'Cause I'm needin' you and I'm fiendin' you
I be sleepin' you and day dreamin' you
I been seein' you with just me and you
If you feel it too, then say
I never knew that you could really have me fiendin'
Like a drug, controlling every part of me and
I wanna know, if we could get a little closer
And go somewhere 'cause I just wanna get to know ya
'Cause when I looked at you, I just couldn't move
So what are we gonna do
'Cause I'm feelin' like I wanna leave with you, hey?
Whatchu wanna do? 'Cause I wanna leave with you
Hey baby, tell me whatchu wanna do
Ooh baby, 'cause I could give the world to you
Sweet baby, look at what I'm goin' through
Baby, baby, I'm needin' it, I'm wanting to
We don't have to rush
But after the club I wanna feel your touch
'Cause I'm needin' you and I'm fiendin' you
I be sleepin' you and day dreamin' you
I been seein' you with just me and you
If you feel it too, then say
Hey hey, hey, hey hey, hey
Hey hey, hey, hey hey, hey
Hey hey, hey, hey hey, hey
Hey hey, hey, hey hey, hey
We don't have to rush
But after the club I wanna feel your touch
'Cause I'm needin' you and I'm fiendin' you
I be sleepin' you and day dreamin' you
I been seein' you with just me and you
If you feel it too, then say
Hey baby, tell me whatchu wanna do
Ooh baby, 'cause I could give the world to you
Sweet baby, look at what I'm goin' through
Baby, baby, I'm needin' it, I'm wanting to
We don't have to rush
But after the club I wanna feel your touch

'Cause I'm needin' you and I'm fiendin' you
I be sleepin' you and day dreamin' you
I been seein' you with just me and you
If you feel it too, then say
Hey hey, hey, hey hey, hey
Hey hey, hey, hey hey, hey
