

Ashanti, Scared

[Irv Gotti]

Ma what's going on
We sitting here man
Digging on each other I'm feeling the shit out of you
You feeling the shit out of me
What you scared don't be scared

[Verse 1]

It was around 11:30 when I realized I miss you,
sitting at home all alone thinking what did I
just do, feeling was strong coming on and I knew I wanted you,
something inside me held me back,
boy you got me scared of you.

[Chorus 2x]

You got me afraid to let my love go.
Is it my heart that I should follow.
Got me afraid to let myself go.
Got me scared of you.

[Irv Gotti]

See, see what what it's like it's like we got to get over this hump ma
until we get over this hump, it's going to be fucked up!

[Verse 2]

If I let go I don't know if my heart will remain strong
cause you the type that just might give
right and get me strong I couldn't be just a girl
that your're seeing once a month cause if it
goes down better believe I'm gonna be your only one

[Chorus 2x]

[Bridge 2x]

Should I let it go,
Should I let it go no no no no
Should I let it go,
Should I let it go no no
no no no no

[Chorus 2x]

[Bridge 2x]

[Irv Gotti]
