Ashanti, Scared

[Irv Gotti]

Ma what's going on

We sitting here man

Digging on each other I'm feeling the shit out of you

You feeling the shit out of me

What you scared don't be scared

[Verse 1]

It was around 11:30 when I realized I miss you,

sitting at home all alone thinking what did I

just do, feeling was strong coming on and I knew I wanted you,

something inside me held me back,

boy you got me scared of you.

[Chorus 2x]

You got me afraid to let my love go.

Is it my heart that I should follow.

Got me afraid to let myself go.

Got me scared of you.

[Irv Gotti]

See, see what what it's like it's like we got to get over this hump ma

until we get over this hump, it's going to be fucked up!

[Verse 2]

If I let go I don't know if my heart will remain strong

cause you the type that just might give

right and get me strong I couldn't be just a girl

that your're seeing once a month cause if it

goes down better believe I'm gonna be your only one

[Chorus 2x]

[Bridge 2x]

Should I let it go,

Should I let it go no no no no

Should I let it go,

Should I let it go no no

no no no no

[Chorus 2x]

Bridge 2x

[Irv Gotti]
