

Ashanti, Scared II

(Irv Gotti)

Ma what's going on
We sitting here man
Digging on each other I'm feeling the shit out of you
You feeling the shit out of me
What you scared don't be scared

(Verse 1)

It was around 11:30 when I realized I miss you,
sitting at home all alone thinking what did I
just do, feeling was strong coming on and I knew I wanted you,
something inside me held me back,
boy you got me scared of you.

(Chorus 2x)

You got me afraid to let my love go.
Is it my heart that I should follow.
Got me afraid to let myself go.
Got me scared of you.

(Irv Gotti)

See, see what what it's like it's like we got to get over this
hump ma
until we get over this hump, it's going to be f**ked up!

(Verse 2)

If I let go I don't know if my heart will remain strong
cause you the type that just might give
right and get me strong I couldn't be just a girl
that your're seeing once a month cause if it
goes down better believe I'm gonna be your only one

(Chorus 2x)

(Bridge 2x)

Should I let it go,
Should I let it go no no no no
Should I let it go,
Should I let it go no no
no no no no

(Chorus 2x)

(Bridge 2x)

(Irv Gotti)
