

Ashley Tisdale, Lemons

I can't afford these late nights and staying up
My tired eyes are signs i've done way too much
Lately, my life's been crazy
And i've been feelin' stuck

Discovering i've got notes i never knew
When everything's a struggle it's hard to move
They're paralyzing, but i am still trying
Got all this shit to do

I've been over-extended
I've been stretching myself too thin

I'll take these walls and kick-kick-kick them down
Take all my problems knock 'em the ground
Some days i can't get out of bed
But my mama always said
"life gives you lemons you just work it out"

I've had my share of fuck ups
I've made mistakes
I've done my best with no luck and cried to sleep
Look at the good days
And then the bad days
I'll wear the bad days /2x
Can't let 'em get to me
Can't let 'em get to me

I've been over-extended
I've been stretching myself too thin
And so

I'll take these walls and kick-kick-kick them down
Take all my problems knock 'em the ground
Some days i can't get out of bed
But my mama always said
"life gives you lemons you just work it out"

Filter out the sounds
Slow my heart break down
Slow my heart break down
I'll take the noise and the fears
And i'll shut
Shut 'em up

I'll take these walls and kick-kick-kick them down
Take all my problems knock 'em the ground
I'll take these walls and kick-kick-kick them down
Take all my problems knock 'em the ground

Some days i can't get out of bed
But my mama always said
"life gives you lemons you just work it out"
