

# Ashnikko, Panic Attacks In Paradise

Typical of me to go and ruin the party  
Everybody says they love me but I'm still broken-hearted  
They call me Polly Pessimism I'm a Macabre Barbie  
I love you

My boyfriend wants me love me but I won't let him  
I've been predisposed to trauma since I was eleven  
So I wrote a couple albums to let out some aggression  
I hate that I'm so

Self-deprecating  
More comfortable in bad situations  
Sucker for a little devastation  
And this always happens

Panic Attacks In Paradise  
Piña coladas I'm terrified  
I swear I'm not crying the sun's just bright  
I'm having the best time of my life

Panic Attacks In Paradise  
Hyperventilating under candy skies  
Telling myself that this is fine  
I'm having the best time of my life
