

Ashnikko, STUPID (Feat. Yung Baby Tate)

[Intro: Ashnikko]

Wet, wet, wet, wet (I'm shy)

Wet, wet, wet, wet

Oh my God

[Chorus: Ashnikko]

Stupid boy think that I need him

I go cold like changin' seasons

I go red hot like a demon

I go ghost for no damn reason

Stupid boy think that I need him

Stupid boy think that I need him

[Verse 1: Ashnikko]

Pleasin', season, I'm spicy

Hot to touch, too much, too pricey

Heathen, I'm in your psyche

You don't know no one else like me, woah

Stupid boy think that I need him

Stupid boy think that I need him

I know you think about me in the shower

PornHub in your browser, fantasize about the pussy power

Think about me with your hand down your trousers

I'm sweet, then I'm sour, I'm big boss Bowser

I know you salivating over me, sir, nipples through the t-shirt

Told your mommy that you're bringin' home a keeper

Knees are getting weaker when he hear me through the speaker

Big wood, cut him off, cedar

[Chorus: Ashnikko & Yung Baby Tate]

Stupid boy think that I need him (Huh)

Stupid boy think that I need him (Huh)

I go red hot like a demon

I go ghost for no damn reason

Stupid boy think that I need him

Stupid boy think that I need him (Stupid, stupid)

Stupid boy think that I need him (Stupid, stupid)

Stupid boy think that I need him

I go red hot like a demon

I go ghost for no damn reason

Stupid boy think that I need him (Wet, wet)

[Verse 2: Yung Baby Tate]

Stupid-stupid, you dumb, you goofy-goofy (Ugh)

This pussy juicy-juicy, ooh yummy, wanna do me?

Oo nah, boy you could never

'Cause you not clever enough

And I got several dummies that wanna get on me

I don't want you and I don't want your homie

'Cause both of y'all are suckers, y'all some Dum-Dums

I could play you straight up out your bread, now you got crumb-crums

I don't really need a man, but sometimes I want one though

So I keep Peter Pans on me, I got young hundos

Young money, get it?

[Chorus: Ashnikko]

Stupid boy think that I need him (Leave me alone)

Stupid boy think that I need him

I go red hot like a demon

I go ghost for no damn reason

Stupid boy think that I need him

Stupid boy think that I need him (Yeah)

Stupid boy think that I need him (Yeah)

Stupid boy think that I need him

I go red hot like a demon
I go ghost for no damn reason
Stupid boy think that I need him

[Bridge: Ashnikko]

Nothing about you is attractive to me now
Blocking you, avoiding you actively right now (Blocked)
I don't need the dick, I need magic, I need money
Puppy wanna lick somethin' sticky just like honey

[Outro: Yung Baby Tate & Ashnikko]

Stupid, stupid
Stupid, stupid
Wet, wet, wet
