==English translation==  
&lt;/lyrics&gt;  
From the pretty blue sky  
The rainy season disappeared; the end has arrived  
Along the tracks, flowers bloom  
The telling tears on my cheek hung and fell  
Ah...  
Somehow

In the drawn out signals, you  
Escape through the night; I wonder if something will change  
Somehow

In the broken telephone receiver and the story goes nowhere  
In a precious place, our crowded warped form  
And even the uncaught feelings  
I wonder how far we have to run until they become white

Quietly cast your eyes down  
In the wonderland, where you should have sought shelter  
In the distance, a circuit breaker's vanishing sound  
Chimes &quot;goodbye&quot;

Quietly cast your eyes down  
In the wonderland, where you should have sought shelter  
Lost feelings spread and reverberate  
Goodbye

A sky so clear it melts
