

Asking Alexandria, Never Gonna Learn

I keep learning my lesson
Without learning my lesson
Can't seem to learn my lesson
I need to learn my lesson

How many times do I have learn a lesson
Before I learn my lesson
Somebody help me please
Tell me that I'm dreaming
I keep repeating my actions expecting different reactions
But the same thing keeps on happening
Somebody help me please
Tell me that I'm dreaming
I miss when I blissful in ignorance

I though we said
We'd take our time
Why do i always jump in blindly
It's like i am atrying to find
Something to fill a hole inside me
But i can't
