

# Astors, Candy

Gee, whiz  
Oh, have you seen my girl  
Gee, whiz  
She's out of this world  
She's got lips so sweet  
Candy red  
Honey bees flying  
All around her head  
Candy  
Candy  
Ooh, wee  
She's got a heart so warm  
Ooh, wee  
She's like a lucky charm  
She's got eyes so bright  
Sky blue  
A voice so soft  
Just like the morning dew  
Candy  
Candy  
She's just a lump of sugar  
And sweetened my tea  
And one of these days  
She's gonna marry me  
Gee, whiz  
She's got everything  
Gee, whiz  
She should be a queen  
She's got a loving heart  
Gold pure  
One of these days  
I'll make her mine I'm sure  
Candy  
Candy  
Candy  
Candy
