

# Astrada, Just another day

I don't believe that we've  
Just another day!  
First kiss me goodbye  
Then you kiss me away!  
I don't believe that we've  
Just another day!  
I'm fallin' apart  
'Cause you're walking away!  
You told me the other day,  
Will never break up!  
Now I'm here and I'm on my way!  
Get ready to rock (Oho, Oho)  
I don't believe that we've  
Just another day!  
First kiss me goodbye  
Then you kiss me away!  
I don't believe that we've  
Just another day!  
I'm fallin' apart  
'Cause you're walking away!  
Walking away, Walking away (Ohhh)  
Just another day, just another day  
You told me the other day,  
Will never be gone!  
Now I'm here and I'm on my way!  
Get ready to rock (Oho, Oho)  
I don't believe that we've  
Just another day!  
First kiss me goodbye  
Then you kiss me away!  
I don't believe that we've  
Just another day!  
I'm fallin' apart  
'Cause you're walking away!  
Walking away, Walking away (Ohhh)  
Just another day, just another day  
(Just another day)  
I don't believe that we've  
Just another day!  
First kiss me goodbye  
Then you kiss me away!  
I don't believe that we've  
Just another day!  
I'm fallin' apart  
'Cause you're walking away!  
I don't believe that we've  
Just another day!  
First kiss me goodbye  
Then you kiss me away!  
I don't believe that we've  
Just another day!  
I'm fallin' apart  
'Cause you're walking away!  
Walking away, Walking away (Ohhh)  
Just another day, just another day
