

# Astrud Gilberto, Ocean Dreams

Lay down beside me, my love  
And close your eyes  
Let the magic sounds of ocean waves  
Open the door to our dream  
Allow your mind to fly high  
And far away...  
Throw your troubles to the deep blue sea  
And dream away, dream with me

I see us now, as we dance  
Magic music  
We are embraced in a trance  
Of love and music  
Mystical sounds of the sea  
Endless music  
The ocean dreams, you and me  
Love and music

Our breathing blends into one  
(Sounds of a dream)  
And I dream I'll be the only one  
You'll always see when your dream  
Lay down beside me, my love  
Here by the sea  
Lay down beside me, my love  
And dream with me...
