

# ATB, Far Beyond

You're the one that turns me on  
Been waiting for you oh so long  
Can hardly believe that you are here with me  
You're the one that turns me on  
With someone else it feels so wrong  
Feels like you've been gone an eternity

Oh what I thought I knew  
Never saying I'll make do  
You've won me over again with you're lovin' charm  
Oh what I thought I knew  
We were never really through  
Can hardly believe that you are here with me
