

ATB, Still Here (feat. Tiff Lacey)

I never knew life could be this way
Life without you
I never knew life could be this strange
Like a sky that isn't blue

I know you're still here
I know you still care
I know you follow me to places
Only you and I would share

You know you're my love
Know that I always cared
I may have been away without you
But my heart was always here

Never forget
I never left
Always there in the shadow

Hard to believe
Because you couldn't see
Always there when it mattered

I'm still here

I never meant to fall this way
So much to sacrifice
I never thought life would pass away
And at such a high price

Feel we're still one
That love hasn't gone
I sense everything about you
Around me when I'm alone

Know that you'll always be
Deep in the heart of me
No matter where I am today
You'll always be a part of me

Never forget
I never left
Always there in the shadow

Hard to believe
Because you couldn't see
Always there when it mattered

I'm still here
I'm still here
I'm still here
I'm still here
