

ATB, Topic, A7S, Your Love (9PM)

Passin' every red light
I know i am in over my head
A rebel and i don't hide
Remember all the words that you said

Even if the love was hurtin'
I'll be yours
I'll be yours again
I can feel that fire's burnin'
Give me more

So tell me
Would you feel my love?
Cause i can neverget enough
So tell me
Would you feel my love?
I could never leave
Cause i need it
That feeling
Let me feel your love
Let me feel your love

You can make me let go
Forget about the world fro a while
You had me at Hallo
I am drownin' in the blue of our eyes

Even if the love was hurtin'
I'll be yours
I'll be yours again
I can feel that fire's burnin'
Give me more

So tell me
Would you feel my love?
Cause i can neverget enough
So tell me
Would you feel my love?
I could never leave
Cause i need it
That feeling
Let me feel your love
Let me feel your love
