ATB, Topic, A7S, Your Love (9PM)

Passin' every red light I know i am in over my head A rebel and i don't hide Remember all the words that you saud

Even if the love was hurtin' I'll be yours I'll be yours again I can feel that fire's burnin' Give me more

So tell me Would you feel my love? Cause i can neverget enough So tell me Would you feel my love? I could never leave Cause i need it That feeling Let me feel your love Let me feel your love

You can make me let go Forget about the world fro a while You had me at Hallo I am drownin' in the blue of our eyes

Even if the love was hurtin' I'll be yours I'll be yours again I can feel that fire's burnin' Give me more

So tell me Would you feel my love? Cause i can neverget enough So tell me Would you feel my love? I could never leave Cause i need it That feeling Let me feel your love Let me feel your love
