

ATC, Why of why

Do da n de da n dai
(Do da n de da n dai)
It's a feeling i got inside
Tell me just why oh why
Do da n de da n dai
Sky is blue and the day is light
I look to the sun
I see your face and your smile is bright
the clouds are on the run
You ask me why I look so sad
But I find the words to say
Do da n de da n dai
(Do da n de da n dai)
It's a feeling i got inside
Tell me just why oh why
Do da n de da n dai
You're getting close and I kiss your lips
It never felt so strange
I feel your soul on a different trip
It's time to rearrange
You ask me where all the love is gone
but I find the words to say
Do da n de da n dai
(Do da n de da n dai)
It's a feeling I got inside
Tell me just why oh why
Do da n de da n dai
