

Athena Cage, Hey Hey

All the ladies in the club
Not ready to give the party up
Lift your hands up
Let me hear you say hey
A little louder Hey hey
Sing it louder hey
All the fellaz show some love
Come on then give it up
Lift your hands up
Let me hear you say hey
A little louder hey hey
Sing it louder hey!

Oh no It's 3am
And the party is still jumpin'
And the club it is about to close down
DJ tellin' everyone to get out
But the girls and I ain't ready to go
The night is young and we ain't try'na go home
So we gotta find another spot
Cause you know the party ain't gon' stop, no..

Lets roll and not stop
It's on to the next block
The party is hot and won't stop till 6 o'clock
Everyone come on along
We're gonna have some fun oh yeah

All the ladies in the club
Not ready to give the party up
Lift your hands up
Let me hear you say hey
A little louder Hey hey
Sing it louder hey
All the fellaz show some love
Come on then give it up
Lift your hands up
Let me hear you say hey
A little louder hey hey
Sing it louder hey

Oh no it's time to go
Everyone's finished but don't wanna go home
We gotta find another place to be
Let's get somewhere cause it's still early
Everybody meet outside
Pump some music in your ride
Don't worry about the time
Cause we're gonna kick it tonight

Forget about the clock
Take everything we got
And make our own hot spot
Right in the parking lot
Play the hot songs
Get your drink on
Find a partner
And get your groove on

All the ladies in the club
Not ready to give the party up
Lift your hands up
Let me hear you say hey
A little louder Hey hey

Sing it louder hey
All the fellaz show some love
Come on then give it up
Lift your hands up
Let me hear you say hey
A little louder hey hey
Sing it louder hey

Had to leave the club
Tore the party up
Now it's up to us
To make our own fun
So stick around
We just might do it all night
Can't go home wih you
Hangin' with my crew
Doing what we do
So if your really down
Then gather round
And sing it out hey
