

# Athlete, I Love

Fire on the hill  
Fire in me still  
I feel out of my league  
But you turn around and you say to me that

I love everybody here  
And I agree  
I love everybody here

Sun has long gone out  
Sun comes up like it's been about a year  
I don't mind if we  
Drink again my friend

'Cause there is so much left to say  
There is so much left to say  
There is so much left to say  
There is so much left to say

People for miles, opening up  
People for miles, in focus and not  
We'd be OK if  
We had answers to questions in rhymes and in reasons  
You leave it to me to be all of four seasons

I love everybody here  
And I agree  
I love everybody here  
I love everybody here  
I love everybody here  
I love everybody here  
I love everybody here  
I love everybody here  
Life is beautiful for sure  
'Cause I love everybody here
