

Atmosphere, JOY Division

Walk in silence, don't walk away in silence
See the danger, always danger
Endless talking, life rebuilding
Don't walk away
Walk in silence, don't turn away in silence
Your confusion, my illusion
Worn like a mask of self-hate, confronts and then dies
Don't walk away

People like you find it easy
Naked to see, walking on air
Hunting by the rivers through the streets, every corner
Abandoned too soon, set down with due care
Don't walk away in silence
Don't walk away
