

Atozzio, Heart Attack

[Verse 1:]

Being too much of a man to admit I was wrong,
And I messed up what I had.
Seeing you walk out the door with the bags he had,
Never knew it feels this bad,
All this is in my chest I heard,
I couldn't see clear, my vision got blurry,
Is if you didn't go I hope you know it's even hard for me to get my breath again.
I can't breathe no.

[Chorus:]

I'm gonna be sick,
Somebody call me a doctor tell them I need
Some medicine before my heart stops.
Think I'm having a heart attack becauz' she's leaving.
Think I'm having a heart attack becauz' she's leaving.
I'm gonna be sick,
Somebody call me a doctor tell them
I need some medicine before my heart stops.
Think I'm having a heart attack becauz' she's leaving.
Think I'm having a heart attack
I ain't breathin'

[Verse 2:]

I'm sittin' in the yard,
Doctors running tests,
Sayin' there's nothing wrong that it's all in my head.
Cause' my xrays, everything came back normal
But I keep feeling this pain, something's goin' on.
All of a sudden my chest I heard,
I couldn't see clear and my vision got blurry, is if you didn't go.
I hope you know, and it killed you to hard for me to breath, so hard for me to breath.

[Chorus:]

I'm gonna be sick,
Somebody call me a doctor tell them I need
Some medicine before my heart stops.
Think I'm having a heart attack becauz' she's leaving.
Think I'm having a heart attack becauz' she's leaving.
I'm gonna be sick,
Somebody call me a doctor tell them
I need some medicine before my heart stops.
Think I'm having a heart attack becauz' she's leaving.
Think I'm having a heart attack
I ain't breathin'

[Verse 3:]

In the hospital cause I'm having doctors
[?] me that I'm trippin' cause' she's gone. she's gone.
I really wanna face it but I think my heart is racing cause' the doctors
Telling me there's nothing wrong. [x2]

[Chorus:]

I'm gonna be sick,
Somebody call me a doctor tell them I need
Some medicine before my heart stops.
Think I'm having a heart attack becauz' she's leaving.
Think I'm having a heart attack becauz' she's leaving.
I'm gonna be sick,
Somebody call me a doctor tell them
I need some medicine before my heart stops.
Think I'm having a heart attack becauz' she's leaving.
Think I'm having a heart attack
I ain't breathin'
