

Attica Blues, What Do You Want

Attica Blues
Test Don't Test
What Do You Want
Know you as a jet black angel
Watching over me like cctv
24/7 you see everything
365 and i'm no mastermind

Dealt with mood swings mad behavior
Controlling me like you own me
Feels like it's your world i just live here
365 and it's bad compromise

I want to know x2

Am i what you want or am i what you need x2

Patience wearing sent to test me
Pressure building mercury rising
Feels close to overload, feels close to overload
365

I want to know x2
I wanna know

Am i what you want or am i what you need x4

What do you want x2
Am i what you want x2
