

# Audio Push, Ya Body

[Chorus: Oktane]

I love the way you move, look at babygirl step  
It's gotta be the dress, it fit her like a glove  
'cause girl there's somethin' bout you I can't seem to take my eyes off  
I think I just fell in love

[Verse 1: Oktane]

Step up in the club, li'l mama bad  
Love how the hair go down li'l mama back  
Everything match from her dress to her bag  
I don't see another girl movin' like that  
And she movin' it right, so I gotta chase  
And she stepped in here tonight, bomb body, nice face  
And she movin' it like, nobody's in the place  
So I gotta make her mine, I put my hands on her waist && said

[Chorus: Oktane]

I love the way you move, look at babygirl step  
It's gotta be the dress, it fit her like a glove  
'cause girl there's somethin' bout you I can't seem to take my eyes off  
I think I just fell in love

Somethin' bout ya body, ya body, ya body, oh  
Somethin' bout ya body, (your) ya body, (your) ya body, oh

[Verse 2: Price]

Yeah, incase you didn't know baby they call me price  
Drop top whippin' with my face in the light, ya body lookin nice  
Made me look twice, I knock it out the park while these other lames strike  
No need to front, I want you here close  
'cause out of every girl her I been watchin' you the most  
You got me tryin' to tug at your body, no rope  
And if you roll with me, guarantee we gon' coast  
Girl if you can't see, that I'm stuck in a trance when I'm watchin' you dance  
It's just you && me, so skip all your other plans, I'm tryna be your man  
Girl, I think what I'm sayin is clear  
'cause ain't nobody movin' like you swayin' in here  
So I'm a past your friends, grab your hands  
Pull you close && this is what I'm a say in your ear
