

# August Alsina, No Love (feat. Nicki Minaj)

[Nicki Minaj:]

August

Young Money

I swear this is my favorite song

I'm serious

Red light

You know I can't make this thing that official

Believe we had a great night but I ain't the type to tell you that I miss your shit

You don't like that I make this easy, leaving

After sexing on the floor

Baby I know you need me, like I need you

But I'm not the one you wanna love

So just pop a couple bands with a Nigga like me

Loving ain't the same with a Nigga like

You use to them but ain't no loving me

I hear what you would say and girl it's clear to see

You should just drink a couple drinks with a Nigga like me

You probably go insane with a Nigga like me

Let's just party till we can't, ain't no loving me

And I'm the one to blame, ain't no loving me

So don't come looking for love

No love /9x

Don't come looking for love)

No love /9x

Shawty if you looking for somebody tryna settle down

Probably won't be around nah baby

You should hit when you tired of playing up in the house

And ain't nobody around

You need that

When you need that late night

We can both make love to the daylight

You got it girl, you got it girl

But you know I can't stay right?

All I want is you so what you tryna do?

So just pop a couple bands with a Nigga like me

Loving ain't the same with a Nigga like

You use to them but ain't no loving me

I hear what you would say and girl it's clear to see

You should just drink a couple drinks with a Nigga like me

You probably go insane with a Nigga like me

Let's just party till we can't, ain't no loving me

And I'm the one to blame, ain't no loving me

So don't come looking for love

No love /9x

Don't come looking for love

No love /12x

[Nicki Minaj:]

August you know, I'm here to save you

Me and them girls, we ain't the same boo

You know I hate it, when you leave me

Cause you love it then you leave it

But you know how bad I need it

You're so fuckin' conceited

Why you coming over weeded

[Nicki Minaj & August Alsina:]

You can't treat me like you treat them

Yes, I am the crème de la crème

Yes I am from one to ten, ten

You fronting in them streets, saying we just friends  
You can't front like this ain't way realer  
I know you hard, I know that you a killer  
I know you started off a dope dealer  
But let your guard down, your niggas know you feel her, feel her  
So what you want, baby?  
All I want is you  
So what you trying to do?

So just pop a couple bands with a Nigga like me  
Loving ain't the same with a Nigga like  
You use to them but ain't no loving me  
I hear what you would say and girl it's clear to see  
You should just drink a couple drinks with a Nigga like me  
You probably go insane with a Nigga like me  
Let's just party till we can't, ain't no loving me  
And I'm the one to blame, ain't no loving me  
So don't come looking for love  
No love /9x  
Don't come looking for love  
No love /9x
