

# Aurea, Okay Alright

it's time to take a deep breath  
close your eyes and let yourself go  
slow

there's a long and open road  
laying on my way now  
i don't need to stop and think about it  
'cause my heart will guide me through

you don't need to promise me the moon  
just sit with me and watch the moonlight  
then every little star will sing this song  
and if you feel good, come on  
just sing along

i'm okay, i'm alright  
i got good feelings on my mind  
i'm okay, i'm alright  
with you (bis)

love is like a tiny sparrow  
you can't hold it on a cage no no you can't  
it flies free through the morning breeze  
only guided by a wild warm heart

'cause you don't need to promise me the sky  
just sit with me and watch the sunrise  
set yourself free and breathe deep inside  
and while you do that, come on  
just sing along

come on now

i'm okay, i'm alright  
i got good feelings on my mind  
i'm okay, i'm alright  
with you (bis)

i'm okay  
i'm alright

i'm okay, i'm alright  
i got good feelings on my mind  
i'm okay, i'm alright  
with you (bis)

i'm okay  
i'm alright  
i'm okay  
i'm alright  
i'm okay
