Aurora, Hear You Calling

Through the night I hear your voice Draws me in, I have no choice As I rise through the air your echo close I see time stand still As I'm watching the world below I can hear you calling I can hear you calling I can hear you calling my name I can hear you calling I can hear you call Across the sky, into the deep Dream a dream, our love's complete I look into the light, we're heaven bound I reach out for your touch As I'm falling without a sound I can hear you calling I can hear you calling I can hear you calling my name
I can hear you calling
I can hear you And I can hear you calling I can hear you call
