You tell what I do what I needBut I feel the brain is trappedAnd I'm insane? Hey woman slow downHey woman slow down

As you don't need to setThe control of the heartOf me anymore

Het woman slow downHey woman slow down

As I'm the one to reignIn my kingdom of slainAs I'm the capture of fireThat burns with darkest desir So don't tell me what to doAs I'm the master, I'm the blasterAnd don't tell you love me toAs I'm dyn Hey woman slow downHey woman slow down

So don't take my friendsAway from me
