

# Aurora, Turn It Around

(Chorus)

It doesn't really matter what you lack  
He's always there to knock the monkey off your back  
It's so amazing that he loves you like that  
You got to turn it around, turn it around, yeah

A touch of kindness is where it's at  
You know what goes around is surely comin' back  
It's so amazing that he loves you like that  
You got to turn it around, turn it around, yeah

Everybody running 'round like crazy  
Won't give him the time of day  
Talkin' bout life's movin' too fast  
And there's just no time to pray

Can't see beyond the lights and cameras  
Everybody wants instant fame  
When the answer to all their prayers  
Is a little bit of faith (yeah, yeah)

(Chorus)

There's a lesson in all the words he's saying  
If you listen then you'll here the truth  
Don't you know that his only son  
Was sacrificed for you

If we all try a little bit harder  
Share the love that he sends our way  
You'll find you've got everything  
If you give more than you take (yeah, yeah)

(Chorus)

(Bridge)  
Let his love be reflected in you  
Shine it back in everything you do  
Take the time for a friend in need  
And you will plant the seed

(Chorus)
