

# Austin Anderson, Shakin' Me Up

Im hanging here  
with my friends  
Were all just chillin out.  
Jokin round, Doing what we do  
You know the fun never ends  
(And you appear) Baby Please  
(This is weird) Dont know what youre doing to me  
Youre shake, shake, shaken me up  
When I look at you  
Shake, shake, shaken me up  
All caught up in your groove  
Your every move is Rockn my world  
I dont know what to do  
My earths quaken, body shaken  
This is what you do to me  
(I am) Must be in love with you  
Im trying to play this all cool  
Im freakin out right now  
Stuttering, I forgot my name  
Youve got me acting a fool  
(Cuz youre so fine) Baby please  
(You blow my mind) You dont know what you do to me  
Youre shake, shake, shaken me up  
When I look at you  
Shake, shake, shaken me up  
All caught up in your groove  
Your every move is Rockn my world  
I dont know what to do  
My earths quaken, body shaken  
This is what you do to me
