

Avi Kaplan, I Can't Lie

You hit me like a thunder roll
Caught me like the wildfire in your eyes
You locked me in a lucid dream
Your tide has taken over me
And that's just fine

Darling I can't lie
I wanna take my time
I wanna love you right
I wanna hold you tight
Darling I can't lie
Darling I can't lie

I wandered for a thousand years to kiss upon your lips my dear just one time
I could dive into your tenderness
Fill up all your emptiness
And treat you right

Darling I can't lie
I wanna take my time
I wanna love you right
I wanna hold you tight
Darling I can't lie

Darlin I can't lie
I wanna take my time
I wanna love you right
I wanna hold you tight
Darling I can't lie
Darling I can't lie
Darling I can't lie

Darling I can't lie
I wanna take my time
I wanna love you right
I wanna hold you tight
Darling I can't lie

Darlin I can't lie
I wanna take my time
I wanna love you right
I wanna hold you tight
Darling I can't lie

Darlin I can't lie
I wanna take my time
I wanna love you right
I wanna hold you tight
Darling I can't lie
Darling I can't lie
