

# Avicii, Lay Me Down (feat. Adam Lambert ft. Nile

I feel weak, things get tough  
Sometimes my knees can barely hold me up  
I'm no fool, but it's said  
You gotta walk a mile 'til you're outta my head

Come within, taste it up  
Take a little bit and baby don't you give up  
Cast your light, give a damn  
You gotta make a move and show me where we can stand

Lay me down in darkness  
Tell me what you see  
Love is where the heart is  
Show me I'm the one, tell me I'm the one that you need  
(Come on)

Lay me down in darkness  
Tell me what you see  
Love is where the heart is  
Show me I'm the one, tell me I'm the one that you need  
(Come on)

Tell me I'm the one, tell me I'm the one that you need  
Tell me I'm the one, tell me I'm the one that you need

[Nile:]  
I got the time, it'll be alright, yeah, I got the time  
that you need (yeah)

We all weep, bleed the same  
If you get the picture, leave it outta the frame  
In the now, take a chance  
Make a mess, and don't forget that life is a dance

Come within, taste it up  
Take a little bit and baby don't you give up  
Cast your light, give a damn  
You gotta make a move and show me where we can stand

Lay me down in darkness  
Tell me what you see  
Love is where the heart is  
Show me I'm the one, tell me I'm the one that you need  
(Come on)

Lay me down in darkness (yeah)  
Tell me what you see  
Love is where the heart is  
Show me I'm the one, tell me I'm the one that you need  
(Come on)

Show me I'm the one tell me I'm the one that you need  
(Yeah)

Show me I'm the one tell me I'm the one that you need  
Show me I'm the one tell me I'm the one that you need  
Show me I'm the one tell me I'm the one that you need

Mmm me, show me baby baby tell me that's me, yeah  
I got the time, it'll be alright, yeah  
I got the time that you need. Come on!
