

Avril Lavigne, Bite Me

You shoulda known better
Better to fuck with someone like me
Forever and ever
You're going to wish I was your wifey

Don't act so innocent
This was no accident
You planned this in the end
And now it's over

Say what you want to say
You lied and I got played
You threw it all away
And now it's over

Just face it
We didn't make it
You bit off more than you can chew
Can you taste it?

You shoulda known better
Better to fuck with someone like me
Forever and ever
You're going to wish I was your wifey

Should've held on
Should've treated me right
I gave you one chance
You don't get it twice

And we will be together never
So banby you can bite me
Don't hold your breath
Cause you're still choking on your words
Those things you sad
Might br the last ones that i heard

So come pic kup your clothes from the front yrd
Sprinklers on burn the rest ionb the backyard
Should've had the guts
Just to say goodbye
Now you're going to have regrets foer the rest of your life

Just face it
We didn't make it
You bit off more than you can chew
Can you taste it?

You shoulda known better
Better to fuck with someone like me
Forever and ever
You're going to wish I was your wifey

Should've held on
Should've treated me right
I gave you one chance
You don't get it twice

And we'll be together never
So baby you can bite me

I bet you taste me on the tip of your tongue
Tip of your tongue /2x
I fell fast when I know I shoulda run

Know I shoulda run /2x
/2x
