

# Avril Lavigne, I'D Play The Fool

My words for you  
It's just another way to say  
My tears for you  
It's just a way to make you stay  
With all I am  
I would be nothing without you  
With all I'll be  
I would be left with all my blues  
Chorus

I gave you my love  
I can't believe you turned away  
I gave you all my heart  
With all my love you wouldn't stay  
I would play the fool  
With no more pride I beg of you  
And so I beg of you I'd play the fool  
I live for you  
I can't go on without you here  
I breathe for you  
With every breath I want you near  
Oh won't you say  
You love me like you did before  
Oh won't you stay  
And never leave me anymore  
Chorus

(Talking)  
Baby I don't want to lose you  
I'd give up everything just to be with you  
I'd even play the fool
