

# Avril Lavigne, Missing You

yeah, oh, oh...yeah oh oh... yeah,oh,oh  
I can't wait here, crying, I'm crying for you.  
I'm sitting in the corner, waiting for a ring.  
I'm lookin out the window, all I see is people carrying stuff away.  
I start to cry (again)  
I'm missing you, missing you,  
Don't you miss me too?  
When family fights, now who do I go to?  
Yeah, no one to talk to,  
Missing you  
I can't wait here, alone.  
See I know you, then I think in confusion,  
When will you get home?  
You'r my best friend, don't you see.  
I'm missing you, missing you,  
Don't you miss me too?  
When family fights, now who do I go to?  
Yeah, no one to talk to,  
Missing you  
Missing you....I'm alone, I'm alone, I'm alone all the time.  
See how often will I, see you,  
Moving away so, so soon! yeah.  
I'm missing you, missing you,  
Don't you miss me too?  
When family fights, now who do I go to  
Yeah, no one to talk to,  
Missing you  
I'm missing you, missing you,  
Don't you miss me too?  
When family fights, now who do I go to?  
Yeah, no one to talk to,  
Missing you  
Missing you.....  
Best friend in the world I miss you.  
(this song is written to my best friend mariah)
