

Avril Lavigne, Not Today

Can't Stand the Fact
You just turn your back
Who cares how I feel
Who knows what to say
Just Turn your back
Walk away
I dont need this
Not today
You walk away
You dont care what I say
Nothing can change your mind
I'm sick of feeling this way
Just turn your back
Walk away
I dont need this
Not today
Not today
Stop the pain
Not today
The pain wont go away
Not today.....
