

# Avril Lavigne, Tonight And Forever

An another night another day  
Your heart is still so far away  
And I want you girl  
I need your love  
I never felt this way before  
And now that I am sure  
That I love you girl-forever  
I wanna be right by your side  
I wanna be your only one  
Can I hold you tonight and forever  
Baby...  
It doesn't matter where you are  
We will never be apart  
I'll be there  
Tonight and forever  
It doesn't matter where you stay  
I will hold you anyway  
In my heart  
Tonight and forever  
(Tonight and forever)  
And every time that you are near  
My love is waiting all so clear  
And I'm trampling  
Like a child  
So hear me know  
Don't get me wrong  
I do believe that we belong together  
Tonight and forever  
I wanna be right by your side  
I wanna be your only one  
Can I hold you tonight and forever  
Baby  
It doesn't matter where you are  
We will never be apart  
I'll be there  
Tonight (tonight) and forever  
It doesn't matter where you stay  
I will hold you anyway  
In my heart  
Tonight and forever  
I should have told you  
But I didn't know how  
Wish I was holding you now  
Tonight and forever  
Tonight and forever  
Where you are  
(Where you are)  
Doesn't matter  
We won't be apart  
(Never be apart)  
Tonight and forever  
You stay (here you stay)  
I will be there with you  
Where you are  
Wherever  
Tonight and forever  
It doesn't matter where you are  
We will never be apart  
I'll be there  
Tonight and forever  
It doesn't matter where you stay  
I will hold you anyway  
In my heart  
Tonight and forever

Tonight and forever  
Tonight and forever
