

# Axxis, Dance into Life

I could feel the spell tonight  
The fiddle plays its magic  
It seems to cry, to swell and die  
All I hear is tragic

Bridge:  
Go dance away all trouble  
Join me and stay  
Lets fall into this battle  
Listen to the fiddle play

Chorus:  
Dance into life - the fiddle cries  
Dance to survive - the battle of your life  
Dance into life - the fiddle cries  
All sorrows gone and a new life has begun tonight  
Dance for your life

You've lost your love  
Your luck, your pride  
And you're feeling lonely  
Listen to that fiddle tune  
Played for your ears only

Bridge:  
Go dance away all trouble  
Listen to the fiddle play

Chorus

Solo

Bridge:  
Go dance away all trouble  
Join me and stay  
Lets fall into this battle  
Listen to the fiddle play

Chorus:  
Dance into life - the fiddle cries  
Dance to survive - the battle of your life  
Dance into life - the fiddle cries  
All sorrows gone and a new life has begun tonight  
Dance for your life  
Dance for your life, all right
