

# Axxis, Hall of Fame

Your life - your life is kinda bizarre  
You just want - you want to get a rock star  
In your game - you've got a perfect disguise  
And then I'm looking down to you  
Into your blue eyes...

Bridge:

...are shining bright - like diamonds in the sun  
Right away I know - tonight I'll be the one  
And I know when the night is gone

Chorus:

I'm in your hall of fame - I'm reading my name  
In your hall of fame - I'm playing your game  
In your hall of fame - I'm reading my name  
I'm nothing special - just another pawn in your game

You know - you know I'll take the bait  
I'm sure - this trap is gonna be great  
Chase me - face me - trace me - now  
And I'm looking in your eyes  
I'm electrified...

Bridge:

...right away - I'm your victim for one night  
Right away I know - I'll be the one tonight

Chorus:

I'm in your hall of fame - I'm reading my name  
In your hall of fame - I'm playing your game  
In your hall of fame - I'm reading my name  
Oh, I'm your victim - I'm your victim now  
You're on the hunt tonight  
No escape - you take them all  
One by one

Solo

Bridge:

Right away - away I know  
I'll be the one tonight  
I'm your trophy now - all right

Chorus:

I'm in your hall of fame - I'm reading my name  
In your hall of fame - I'm playing your game  
In your hall of fame - I'm reading my name  
I'm just another - another pawn in your game  
In your game  
In your game  
I'm nothing special  
I'm just another - another pawn in your game
