Axxis, My Little Princess

Light up my life - more than the sun my little princess - you are my only one so pure, so lovely - your deep blue eyes so innocent - your children's paradise Hold you - touch you I wanna live for you My little princess - you're the one and only girl I would give I would do everything for you my little princess - I would build a world for you oh its so nice - a children's paradise Can find no words for what I feel this must be true love, this love must be real when I embrace you I touch the sky in our fairy tales you let me think that I can fly I wanna live for you Hold you ... My little princess ...
