

Ayo, What Is Love

"I love you" is so easy to say
But so many times it doesn't mean a thing
"I love you" could everything
As long as we don't know what love is
I think love is not in what we say, love is in what we do
And when we say we love we've got something to prove

What is love?
What is love?
What is love?
What is love?

I think love is nothing but the truth
Something inside of me, something inside of you
Love is faith and loyalty
Love is sharing, love is to believe
I think that is what love could be
And so much more 'cause love is deep, love is deep

What is love?
What is love?
What is love?
What is love?

I think love can be bold, love can be bear
Love can make you happy and love can make you sad
Love can break your heart and love can heal your soul

I think love can be bold, love can be bear
Love can make you happy and love can make you sad
Love can break your heart and love can heal your soul

Love can die and... love can roll
