

# Azure Ray, Displaced

It's just a simple line  
I can still hear it all of the time  
If I can just hold on tonight  
I'll know that nothing  
nothing survives  
nothing survives

I think I'm turned around  
I'm looking up not looking down  
and when i'm standing still  
watching you run  
watching you fall, fall into me

Am I making something worthwhile out of this place  
Am I making something worthwhile out of this chase

I am displaced, I am displaced

And shes my friend of all friends  
shes still here when everyones gone  
she doesn't have to say a thing  
we'll just keep laughing  
all night long, all night long

Am I making something worthwhile out of this place  
Am I making something worthwhile out of this chase

I am displaced, I am displaced

It's just a simple line  
I can still hear it all of the time  
If I can just hold on tonight  
I know that no one  
no one survives, no one survives
