Sport diamonds, so i know you gon' let us bling
B.g.: shut it down when i come through
They say i'm wrong, but i know you gon' let me do what i do
If i got it, i ain't gon' hide it - i show mine
I know you gon' respect it, i know you gon' let me shine
I know you ain't gon' step, i know you know i tote iron
Quick to bust, and i know you don' wan' die
You see eight bentleys comin' on a late sunday
I know you know that's cash money millionaires comin'
We be layin' it down - don't give a fuck, nigga
We're from uptown, so i know you gon' let us stunt, nigga

[lil' wayne]
Hey (hey) hey (hey) hey (hey)
Listen, listen:

[hook (lil' wayne)]
I know you see the jewelry - it's berserk and on shine
I know you see the bulge under the shirt - don't try
I know you people wishin' that one day we gon' stop
I know you recognize we got the game on lock

I know you see the bentleys, the broads, the dubs
I know you see the thugs - you don't wanna see no blood
I know you people wishin' that one day we gon' stop
I know you recognize we got the game on lock

[b.g.]

I know you gon' let me go off, let me show my ass
I know you gon' let me show off, make haters mad
Got game to make your wife cheat, give me head
Fuck your husband for geezy - i know you gon' break bread
I know you clowns don't like it, gotta accept it
You don't, get wetted - i know you gotta respect it
You don't want geezy bringin' drama to your set'n'
I know you don't want sis, mom, and daughter in black dresses
Please don't test me - you do, it get hectic
I shoot for the head - don't depend on vests
Now on the up and up i'm every bad bitch choice
Don't be mad, i know you gon' let me be a hot boy

[lil' wayne]

I'm the same ol' nigga i was when i was broke
Still beef, so i know you gon' let me tote my four-four
Now, you know what happened: tried to play me like a hoe
We both can't live on this earth - one of us gotta go
On the real, when it come to shinin', i'm nothin' nice
You'll be blinded, and i know you don't like when i wear ice
I know you gon' let me burn, i'm "h" & "o" & "t" & "a"
I know you gon' let me be me - that's b.g.
I know you gon' respect my clique: cmb
I know you don't want beef with juv, turk, and wheezy
I know you don't wan' put your car next to fresh or b
