

Baasch, Shout

It's all about shoes and looking nice
And rules
It's all about being too quiet to
Get through
And now I'm gonna shout and scream about it
Loud!
I'm gonna shout to the past, to the time that I
Spent together with you

It's all about their shooting for too much
Truth
It's all about the ___ yourself to get
Gloomed
And now you're gonna shout and scream about it
Loud!
You're gonna shout to the past to the time that
I spent together with you
