Babys, The, Laura

Babys, The The Babys Laura It's been a y

It's been a year since we last met But you're still clear in my mind You gave me things i can't forget You gave me love i still can't find Oh laura i miss you so

Oh laura

Oh

Somtimes i see you in my dreams
When i wake up my troubled mind yeah
I found a new love for myself
You know i do the best i can
Oh laura i miss you so
Oh laura

Oh

I hope that we meet again
Oh i've rehearsed the things i'd say
And if that should never be
I'll love you 'til i'm blown away
Oh laura i miss you so
Oh laura
Oh yeah
I miss you so
Oh laura
I miss you so
Oh laura

(sometimes i see you in my dreams)
