

# Babys, The, Silver Dreams

Babys, The  
Broken Heart  
Silver Dreams  
For the last year  
I've been searching  
I needed something to believe  
I'm a gambler  
With my fortune  
Trying to keep you up my sleeve  
When i'm away  
I fill my heart with  
Dreams  
I lose myself  
Keep my silver dreams of you  
Are you lonely  
Are you crying  
Are your tears for me  
When i come home  
And i touch you  
What will our eyes see?  
For the next year  
I'll be traveling  
Roads that take you far from me  
Time can take love  
Time can fade love  
I hope that you'll remember me  
When i'm away  
I fill my heart with  
Dreams  
I lose myself  
Keep my silver dreams of you  
I lose myself dreaming silver dreams  
I lose myself dreaming silver dreams  
Silver dreams  
Silver dreams  
Ahh...
