

# Babyshambles, Animal Nitrate (Suede cover)

Like his dad you know that he's had  
Animal nitrate in mind  
Oh in your council home he jumped on your bones  
Now you're taking it time after time  
Oh it turns you on, on, on, now he has gone  
Oh what turns you on, on, on, now your animal's gone  
Well he said he'd show you his bed  
And the delights of his chemical smile  
So in your broken home he broke all of your bones  
Now you're taking it time after time  
Oh it turns you on, on, on, now he has gone  
Oh what turns you on, on, on, now yor animal's gone  
What does it take to turn you on, on  
Now he has gone  
Now you're over 21  
Now your animal's gone  
Animal, he was animal, an animal
